

NAME: Corby's origami

HINTS:

- be PRECISE in the folds. If you're sloppy, then it won't work.
- fold 4: did you fold one sheet up? or two? (Try just folding 1 up)
- fold 8: the 8 is on the inside
- fold 11: the 11 is on the inside too
- If they didn't pull out the ends (or "tabs" or whatever) of the boat/hat, then suggest that they do it to make it look cuter.

METHOD: Fold the paper, lining up 1 with 1, 2 with 2, etc., until you make all 13 folds. The shape will be a boat (or a hat). If you read the side, it says "SEX ->" on one side and "TANT" on the other.

SOLUTION: SEXTANT
